

SAHIL VIJAY SINGH

Full Stack Developer

📞 7061517370 |  LinkedIn | ✉️ sahilvijaysingh15@gmail.com |  GitHub |  LeetCode |  Portfolio

Professional Summary

Aspiring Full Stack Developer with hands-on experience in developing and deploying full-stack web applications using MERN and Firebase. Strong C++ and DSA foundations with 400+ problems solved on LeetCode. Passionate about learning emerging technologies, including modern backend systems and always eager to take on new challenges in the evolving tech landscape.

Skills

- **Programming:** - C++, Java.
- **Technologies:** - HTML, CSS, JavaScript, React.js, Node.js, Express.js, RESTful APIs, MongoDB, MySQL, Firebase.
- **Developer Tools:** - Git, GitHub, Postman, VS Code, Jupyter Notebook.
- **Concepts:** - DSA, OOP, OS, Networks, DBMS, Machine Learning, Software Testing, Agile/ Project Management.
- **Soft Skills:** - Team Work, Critical Thinking, Leadership, Problem Solving, Communication, Adaptability.
- **Area of Interest:** - Backend Technologies : NodeJS, Problem Solving.

Internships

Full Stack Development Bootcamp Trainee | 6-Week Intensive Program

May 2025 - Jun 2025

- Completed structured training in Full Stack Development, covering HTML, CSS, JavaScript, React.js, and Node.js.
- Strengthened DSA by solving 100+ problems and improving problem-solving skills.
- Gained hands-on experience in REST API design, backend integration, code review, and collaborative project development.

Projects

DevTrack - A Project Management & Team Collaboration Platform [Live]

January 2026 - March 2026

- Developed a full-stack project management and team collaboration platform using MERN, enabling users to create projects, manage and assign tasks, collaborate through comments, and track task status and priorities.
- Designed and integrated RESTful APIs for user, project, task, and comment management, implementing secure JWT authentication, bcrypt password hashing, protected routes, and role-based access control.
- Built a responsive dashboard with search, filtering, analytics, and CRUD operations, deploying the frontend, backend, and cloud database using environment-based production configuration.

PeerIQ- A Peer To Peer Academic Collaboration Platform [Live]

August 2025 – October 2025

- Developed PeerIQ, a full-stack peer-to-peer learning platform using React, Tailwind CSS, Firebase, and Firestore, enabling real-time messaging, study group collaboration, and resource sharing for students.
- Implemented secure authentication, email verification, friend connections, and role-based access control with Firebase Authentication and Firestore Security Rules, ensuring scalable and secure user management.
- Integrated advanced features including Jitsi-powered video conferencing, real-time chat, file/resource uploads, ratings & reviews, and responsive UI/UX enhancements with Framer Motion and Tailwind CSS.

Peddify- Pet Adoption Website [Live]

May 2025 - June 2025

- Developed a responsive React-based pet adoption platform with admin dashboard, analytics, and advanced filtering features.
- Designed a scalable UI architecture with state persistence and deployed on Vercel, ready for backend and smart recommendation integration.

Certifications

- Java Core Foundation Certification from Oracle August - November 2024
- The Complete Full Stack Web Development Bootcamp From Udemy June - July 2024

Co-Curricular Activity

Smart India Hackathon (SIH) – Internal Finalist | Sharda University

September - November 2025

- Developed a Disaster Management platform with SOS features using the MERN stack and worked as a Frontend Developer, building responsive and user-friendly emergency interfaces.

Participated in 6th Technovation – Hackathon | Sharda University

January - February 2024

- Designed and developed a working IoT prototype using ESP32 for real-time accident detection and vehicle pollution monitoring. a

Education

Sharda University

2023-Present

- Bachelor of Technology in Computer Science, Greater Noida India

Bradford International School

2021-2023

- Class XII (CBSE), Bihar India
